About Us

Founded in 1975, a committed
Saudi family-owned Company
Headquartered in Dammam,
Saudi Arabia, with offices in
Abqaiq, Riyadh, Jeddah, and
Yanbu.

Throughout the history, we have
been where the growth in helping
energy customers to fulfill their
hopes and dreams to realize their
ambitions.

VISION

Aligned with Vision 2030, to be a leading energy company in Saudi Arabia, and become the customer's most preferred choice by attaining excellence in quality and timely completed value-added service.

MISSION

We are committed to building long-term relationships based on integrity, performance, value, and client satisfaction, and to exceeding our customers' expectations through value-driven expertise.

VALUE

Integrity	- Communicate openly- be honest
Customer Satisfaction	- Be responsive, deliver quality
Teamwork	- Save time, respect others, offer support
Commitment	- Demonstrate dependability. Be reliable
Flexibility	- Embrace change. Foster innovation

HSE & SMS

HSE & SMS safety specialists embody a commitment to excellence in our field. They facilitate on-site safety management by interacting with crew and daily compliance monitoring.

Our goal is to ensure correct HSE practice and compliance.

SMS safety specialists' function as safety trained supervisors (STS), supplying constant support for HSE needs. They are highly trained, with diverse industry experience who specialize in hazard identification and assist with correction

Our Safety commitment:

- Protect, and strive for improvement of, the health, safety and security of our people at all times
- Eliminate Quality non-conformances and HSE accidents
- Meet specified customer requirements and ensure continuous customer satisfaction
- Set Quality & HSE performance objectives, measure results, assess and continually improve processes, services and product quality, through the use of an effective management system
- Plan for, respond to and recover from any emergency, crisis and business disruption
- Apply our technical skills to all HSE aspects
- Communicate openly with stakeholders and ensure an understanding of our HSE policies, standards, programs and performance
- Improve our performance on issues relevant to our stakeholders that are of global concern and on which we can have an impact, and share with them our knowledge of successful HSE programs and initiatives
